## Relevant Experiences

Feb 2022 - May 2022 | Gall & Gall *XPRESS*  
Service Design

Evaluating and redesigning the experience of Gall & Gall *XPRESS* for both the customers and the employees. Through research and design, I collected insights, to create a better experience for both parties.

Aug 2021 - Dec 2021 | Gemeente Delft  
UX/UI design

Together with a team, I designed a Data Quality Dashboard for the Gemeente Delft. This dashboard allows datastewards to inspect, guard and compare data on different levels of detail, through multiple types of visualisations.

Nov 2019 - Feb 2020 | Hallmark.nl  
UX/UI design, Experience design

Going through every step of the Design Thinking Process, together with a colleague, I designed both an online and offline experience for a personalised gift giving experience for Hallmark.nl
